

## *Dry Fly Setup Material List*

.025 60lb Monofilament Butt Material  
4x or 5x Tapered Leader Monofilament  
4x or 5x Tippet Material Monofilament

## *Dry Fly Setup*

### Tips

Make sure you add – equal length of Butt Section and Tippet Material

Fish the fly down stream – feed line so the fly is the first item the fishes see – not fly line

Treat fly before using with fly floatant

If your fly stops floating – even with fly floatant – tie on a new fly and fish.
